Employment History

2021 - 2023

Freelance Web Developer

- Developed Chrome Extension with OpenAI integration to generate a company FAQ, as well as an email response suggestion tool, based on a selection of prior FAQ email correspondence.
- Created Lambda Cron Function to automate report generation.

2015 - 2022

Commercial Transportation Underwriter

GSU Insurance Services
West Jordan UT

- 7+ years experience underwriting new and renewal commercial transportation business.
- Provided $100,0000,000+ of annual insurance coverage, with an annual written premium of ~$2,000,000.
- On-site contact with IT for managing office LAN, updating desktops, installation of software, troubleshooting, etc.
- Managed a dynamic personal workload, which required consistent re-evaluation of task importance, as well as the flexibility to change focus at a moment's notice.
- Trained clerical/underwriting personnel on coverage information, as well as on the usage of several different company software applications to quote/bind/modify policies.
- Mentored co-workers daily regarding coverage information, how to respond to agent questions, expectations from our insurance companies, legal requirements, etc.
- Communicated extensively with retails agents via email/telephone to explain coverage details, discuss prospective/current clients, and clarify policy information.
- Participated in marketing visits to various agents, providing my expertise to discuss our product information, coverages, market trends, as well as to cultivate agency relationships.

2008 - 2015

Trucking Clerical Assistant

GSU Insurance Services
West Jordan, UT

Assisted in underwriting of new and renewal transportation/trucking business, and in the maintenance of existing business. Clerical responsibilities included issuing certificates of insurance, issuing and endorsing policies, handling incoming calls from agents and answering general questions, among other things.
